*NOTE ABOUT OUR SCHEDULE:

We have listened to your thoughts about our schedule layout, and have decided to change it. This year's schedule is designed to be more readable, arranged linearly instead of the grid from last year.

WHAT ARE THOSE CRYPTIC LINES BESIDE THE SCHEDULE?

They signify the length of the event, which can be used to see conflicting events. For example, if you attend "Ready, Set, Go!", then follow the line next to the event, and you will see that you will get out midway through the Sporting Class Competition and miss the Competitor Meeting. Confused? Just ignore the lines!
